

Model: ML Series (ultrafast pulsed)

Pulse Width

Features

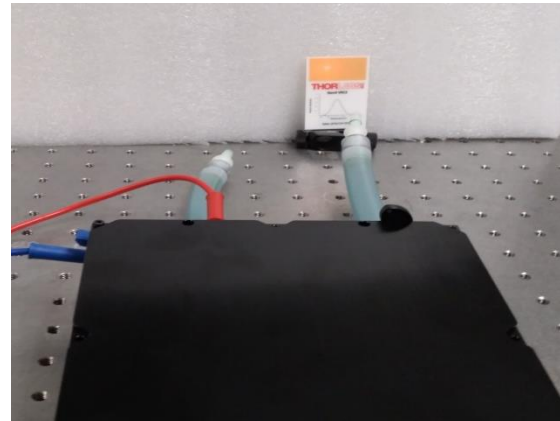

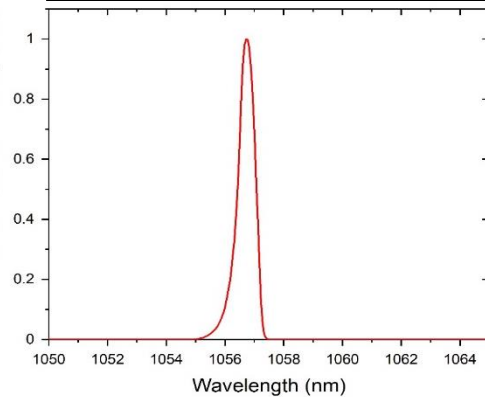

Wide variety of wavelengths from 900-1080nm with **visible outputs coming soon!**

Average output power ~250mW

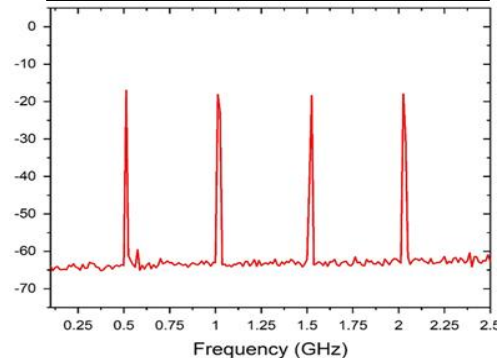

Repetition rate ~500Mhz – 1Ghz and can be customized to specific needs

Pulse width ~1ps

Typical Spectra

Typical Repetition Rate

Information

Simple operation needs only laser driver capable of 11 Volts and 9Amps

Custom designs possible

7" x 6" x 1.5" (L x W x H)
